SWITCH TO THE FUTURE

YESLY

YESLY, TIME FOR COMFORT LIVING

A modern living room with a vibrant blue wall. In the center is a dark blue tufted sofa with a grey fringed blanket draped over it. To the left stands a tall floor lamp with a white pleated shade and a black tripod base. In front of the sofa is a round wooden coffee table with three legs, holding a stack of books. A matching dark blue ottoman is visible in the bottom left corner. Two framed botanical prints hang on the wall to the right. The text "YOUR HOME, YOUR COMFORT" is overlaid in large white letters.

**YOUR HOME,
YOUR COMFORT**

INTRODUCING YESLY

YESLY, time for comfort living

FINDER YESLY is a system that allows you to control lights, electric shutters and much more in your home from your smartphone, via wireless buttons or voice command.

YESLY IS:

SIMPLE

No intrusive work required. Integrates perfectly with most common home systems

MADE IN ITALY

All-Italian production, since 1954

CONNECTED

Can be controlled from your smartphone or via voice command

SECURE

128bit encrypted transmission and Finder warranty

MAKE YOUR HOME SMART IN JUST A FEW QUICK AND EASY STEPS

A LIVING ROOM
LED LIGHT IS
CONTROLLED VIA
SMARTPHONE

ADD A WIRELESS
BUTTON TO
THE CEILING LIGHT
IN THE KITCHEN

CONTROL
ALL ELECTRIC
SHUTTERS VIA YOUR
SMARTPHONE,
USING A
CENTRALIZED
BUTTON

CONTROL YOUR SYSTEM WHEREVER
YOU ARE OR VIA VOICE COMMAND WITH
GOOGLE ASSISTANT AND AMAZON
ALEXA*

* WITH THE FINDER GATEWAY

With YESLY you can transform your home, make it smart and adapt it to your needs.

Start by having your electrician install a Bluetooth multi-function relay or Bluetooth dimmer to control your living room ceiling light, kitchen spotlights or bedroom floor lamp.

In just a few minutes, you'll be able to control your chosen devices via your smartphone. Using the Finder YESLY app, you can switch the lights on and off, adjust their intensity and set a customized scenario.

You can control everything using the BEYON wireless button, a stylish device that can be placed anywhere in your home.

Install the YESLY system products in one or more rooms, according to your needs, to make your home smart - a little at a time.

And for people who always like to be connected, devices can even be controlled remotely via the app, or using voice command via Google Assistant and Amazon Alexa.

YOUR SECURITY? OUR PRIORITY

YESLY system devices communicate via Bluetooth, the most widely used standard for wireless communications.

You decide whether or not to activate the remote connection via the Cloud, thanks to the YESLY Gateway.

[What about your data?](#)

Thanks to its advanced IT infrastructure, Finder is committed to keeping your data secure. [Guaranteed!](#)

MULTIFUNCTION BLUETOOTH RELAY

The Finder YESLY system's multi-function relay is the device that allows you to turn the lights **on/off**, activate the **shutters** and **electric blinds**, and much more.

Thanks to its unprecedented application flexibility, it can perform up to 21 functions.

Available for integrating within a 502 or 503 switch box - code 13.72, in either white or anthracite grey. Or, as a version for mounting within a round recessed wall box - code 13.22.

Type 13.72
INTEGRATABLE

SPECIFICATIONS

- Programmable via app for iOS and Android smartphones
- Compatible with the most common home systems
- Up to 21 functions available
- Immediate control via Bluetooth

Type 13.22
RECESSED

Create scenarios

Control
up to 2 lights

Control
1 roller shutter

BLUETOOTH DIMMER

The Finder YESLY system's universal Bluetooth dimmer allows you to **control the intensity** of multiple **light sources**, enhancing your comfort level while reducing wasted electricity.

Perfect for LED lamps and Dimmable CFLs, halogen lamps, electronic power supplies and much more.

Available for integrating within a 502 or 503 switch box - code 15.71, in either white or anthracite.

Or, as a version for mounting within a round recessed wall box - code 15.21.

Type 15.71
INTEGRATABLE

SPECIFICATIONS

- Programmable via app for iOS and Android smartphones
- Automatic compatibility with all dimmable lights
- 7 available functions
- Overheating and short-circuit protection

Type 15.21
RECESSED

SHUTTER ACTUATOR

The Type 13.S2 Actuator is a device specifically designed for **controlling electric shutters and curtains**.

In just a few minutes, **without any masonry work** being required, **centralize your control of shutters** to activate them via smartphone or voice command (using the gateway).

The type 13.S2 actuator is for recess mounting and is invisible once installed

Type 13.S2
RECESSED

ADDITIONAL INFORMATION

- Manage from your smartphone immediately
- Centralized opening and closing via smartphone or BEYON button

Box mounting

Control
1 roller shutter

RANGE EXTENDER

The range extender is a device that can extend the range of YESLY devices by around 10 meters in an open field, the ideal solution for large homes.

Available in a plug and play version with USB connector, or in a hidden recessed version.

ADDITIONAL INFORMATION

- Transmission range about 10 meters in an open field.
- The range can change depending on the building's structure

Type 1Y.EU.005

Type 1Y.E8.230

Plug & Play
installation

Range extension

INPUT INTERFACE

The Type 1Y.P2 Input interface can transform any button or switch into a wireless control on the YESLY system.

Invisible and integratable into any installed home system.

Perfect for centralizing or controlling individual electric shutters.

Type 1Y.P2
RECESSED

ADDITIONAL INFORMATION

- Can be integrated on all home systems
- Transforms both push-buttons and switches into wireless controls
- Programmable from a smartphone via app (Android or iOS)

Bluetooth

Adjust and turn
devices on / off

Create scenarios

GATEWAY

The YESLY Gateway allows you to manage the opening and closing of electric shutters and curtains, switch lights on and off remotely with the Finder YESLY APP or via voice command using Google Assistant and Amazon Alexa. The Gateway is a small, elegantly designed, easy-to-install device. In addition, thanks to Google Assistant and Amazon Alexa, you can integrate YESLY into routines, along with other services offered by voice command assistants.

Remote control via
the Finder
YESLY app

Integrates
commands with
voice assistants

BEYON

WITH BEYON, YOU CAN ADD A BUTTON WHEREVER YOU NEED ONE!

BEYON is a wireless button that doesn't need a battery or recharging - ever. Use it to turn the lights on and off, control your electric shutters or call up your customized SCENARIOS, as an alternative to the Finder YESLY app. Available in single or dual configuration and in multiple colours, adapts to any environment and can be adhered to multiple types of surface, if required.

Bluetooth

No battery,
no charging

Adjust and turn
devices on / off

Create scenarios

WIRELESS BUTTONS

Wall mounted with 2 or 4 channels

Bluetooth wireless buttons are an ideal solution for maintaining a minimal and discreet look in your home, without sacrificing on YESLY system technology.

Available with 2 or 4 channels, no battery or recharging needed; can be assembled on 60mm junction boxes or surface mounted, thanks to a special adhesive pad.

Type 013B9

DUAL APPS FOR YOUR SMART HOME

Finder YESLY and Finder Toolbox Plus are the YESLY system's two smartphone applications.

With **Finder YESLY** each member of the family can control the lights and electric shutters from their smartphone, calling up customized SCENARIOS. Ideal for creating the most suitable ambiance at any time of day, and easily managing your smart home, even remotely. With **Finder Toolbox Plus**, any professional installer can quickly configure your system and customize it to your needs in a few simple steps.
