## 1T Series

**finder**<sup>®</sup>  
SWITCH TO THE FUTURE

### Thermostat Thermo Touch Compact

Type 1T.51

**The right environment  
at the right time**

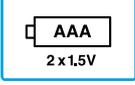

Display with bright LED backlighting.  
Can control temperature against one  
of two independently set temperature levels.  
New energy saving functions.  
Calibration and Supervisor functions.  
Remote control input.

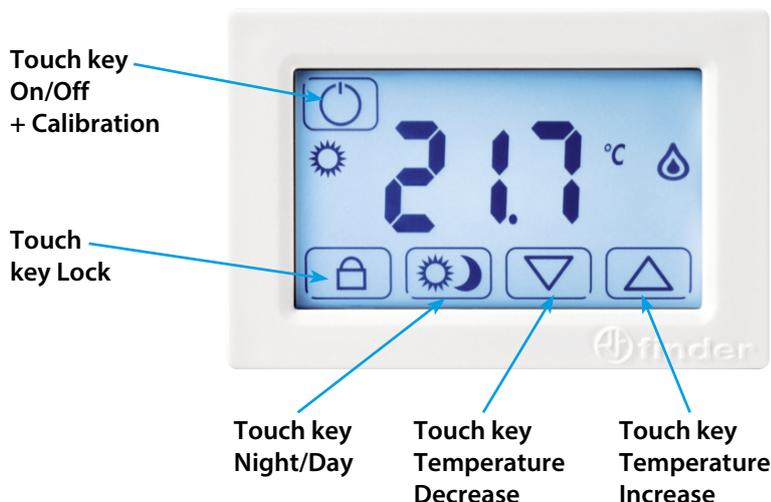

#### Features

- Thermostat for recess mount in box type 503
- Supply: 2 x 1.5 V AAA batteries
- Multi-function and multi-icon Touch Keys
- Changeover output contact 5 A - 250 V AC
- Campo di regolazione 5 °C...37 °C

## INSTINCTIVE and DISTINCTIVE, in all its functions

-  Large display  
LED backlit
-  Touch  
Screen  
technology
-  Partial or Full  
lock with  
PIN code
-  Energy  
Saving  
Function 1
-  Supervisor  
lock
-  Frost protection  
programmable  
from 2 to 8 °C
-  2 batteries
-  Easy, intuitive  
guided  
programming
-  Calibration
-  Audible  
confirmation  
of Key action
-  Day/Night  
setting
-  Compatible  
with 3 module  
housing
-  Heating or  
cooling control
-  Control/override  
by remote  
contact
-  For radiators,  
convectors and  
under-floor heating

**Energy-saving functions**

**ECO 1:** function reduces oscillations in room temperature, which increases comfort and reduces energy consumption.

**“Supervisor”:** function limits the upper and lower temperature settings to avoid wastage.

**Input terminal for remote control**

**SET 0:** Allows the changeover between the temperature set for night and that set for day, through an external clock contact.

**SET 2:** Allows the thermostat to be turned On or turned Off by means of a switch or a remote control device.

**Regulation and Calibration**

The user can select between two independent set-point temperatures, set within the range 5°C and 37°C. This enables a different temperature to be set for night and for day, or for when the home is occupied or vacant, or for managing air conditioning.

Calibration permits adjustment of the displayed temperature to better represent the actual room temperature.

The thermostat 1T.51 is available in two colours:

- White code: 1T.51.9003.0000
- Black code: 1T.51.9003.2000

The package contains:

- Instruction booklet
- Screws for mounting to 3-module box (Type 503)
- 1 x Base to support the thermostat
- 2 x Frames + 2 x Pairs of side panels to suit box
- Batteries are NOT supplied
