Wi-Fi - REMOTE MANAGEMENT

Manage the temperature wherever you are

SIMPLE

To program using touch keys

SAVING ENERGY

Always under control and available for review – thanks to statistical reports on your home heating demand

The **BLISS** range consists of two devices: a chronothermostat Wi-Fi and a thermostat

The **BLISS WIFI** offers simple and fast ways to program, check and modify your temperature settings. Do this wherever or whenever through the BLISS app or directly from the chronothermostat display.

BLISS T offers a fast, local and stylish way of managing temperature at home.

REMOTE CONTROL

The BLISS Finder app allows you to manage your BLISS Wi-Fi chronothermostats wherever you are. By connecting your BLISS Wi-Fi to your home network you can:

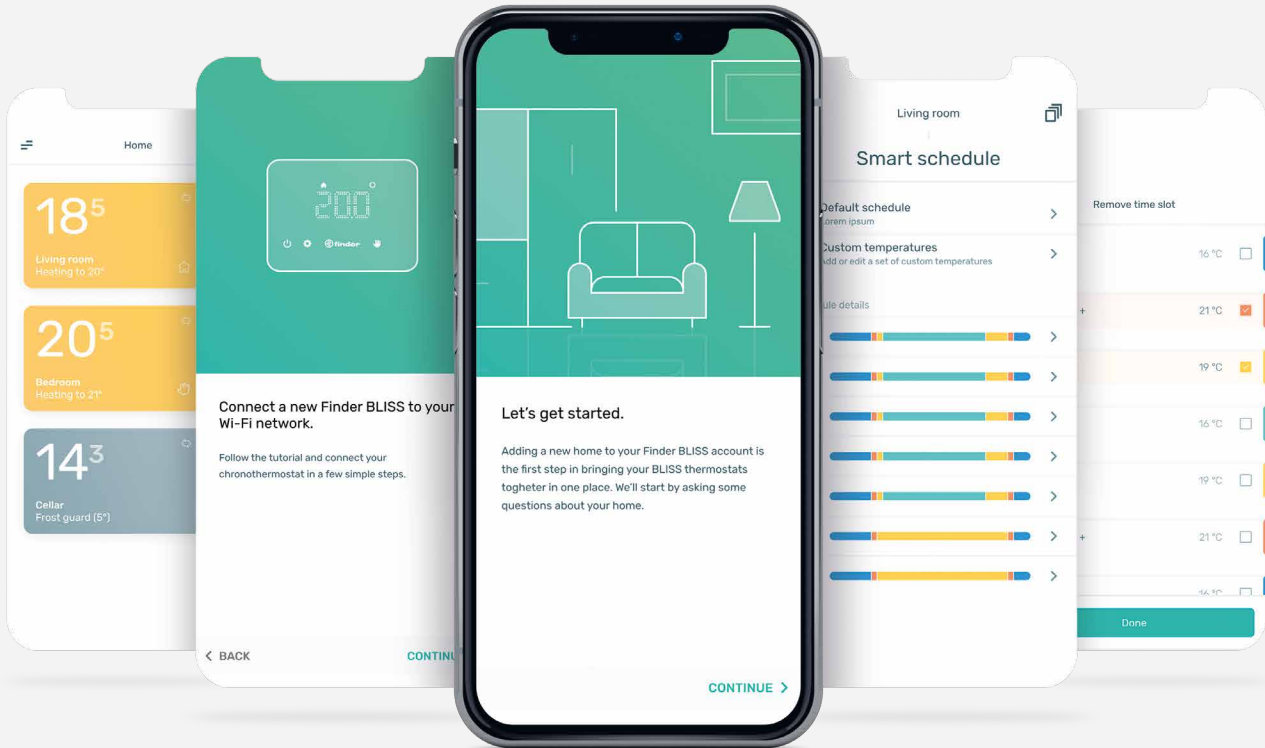

- change the set temperature at any time
- activate the **AUTOAWAY** function to save energy automatically when you leave home
- create your favourite weekly or daily schedules
- manage all the chronothermostats in your main home or those in other nominated homes
- share the management of your **BLISS** with other users

Finder BLISS

AVAILABLE ON

NEW

CLIMATE CONTROL, WITHIN RANGE OF YOUR VOICE

With the new Finder BLISS app you can talk to your home!

Finder BLISS now integrates smoothly with voice assistants: **GOOGLE ASSISTANT** and **AMAZON ALEXA**.

To manage the temperature, simply say "Hey Google, set the temperature to 22°"
or "Alexa, tell me the temperature" and BLISS will take care of everything - Brilliant!

CAPACITIVE TOUCH BUTTONS

With the simple touch of your finger tip your BLISS is ready to communicate with you. Changing settings is so simple and so fast!
And, after a few moments of inactivity BLISS returns to standby mode.

DESIGN

BLISS – stunningly sleek minimal styling with a cool matt white body, a clear and brilliant display and capacitive touch keys. Technically advanced yet elegant and versatile – in harmony with just about any furnishing style and suited for all areas of the home.
