FINDER YOU

ENGLISH

1Y.GW.8.230.BS00
MODULAR GATEWAY Wi-Fi 2.4 GHz - Radio 868 MHz

❶ INSTALLATION
Install the gateway on DIN rail and connect live and neutral.
After switching on, the Gateway's white LED will flash with a fading white light, awaiting configuration.
Use the **FINDER YOU** app both for configuring the BLISS2 smart chronothermostat and for YESLY systems.
For more information scan the QR code below.

❷ STATUS LED
WHITE LED
- **Flashing fading**: waiting for configuration
- **Fixed**: connection established with both the Wi-Fi network and the Cloud
- **2 flashes**: connected only to the Wi-Fi network - no connection to the Cloud (internet not active)
- **3 flashes**: no connection to the Wi-Fi network and no connection to the Cloud (internet not active)
BLUE LED
Flashing: sending Bluetooth commands to the devices
RED LED
Flashing: commands are sent to the Smart Bliss2 thermostat and actuators

❸ GATEWAY SETTING
To change the light intensity of the white LED of the GATEWAY:
