BLISS2

Smart Thermostat
Type 1C.B1.9.005.0007

This smart thermostat interfaces with the Google Assistant and Amazon Alexa voice assistants.
Immediate communication via app.
This smart thermostat integrates seamlessly with YESLY - Finder's smart home system.

- Connected to the cloud via GATEWAY and the Finder You app
- **Up to 10 BLISS2 can be paired with each GATEWAY**
- Long-range 868 MHz communication to back-up Bluetooth transmission in difficult surroundings
- Temperature adjustment (+5…+37)°C + RH sense and display (1…99%)
- AUTOAWAY geolocation function
- Batteries or via 230 V AC power supply optional 01C.02.8.230.0500

power supply
(option)
01C.02.8.230.0500

GATEWAY

Type 1Y.GU.005.1
Type 1Y.GW.8.230.BS00 - Modular

GATEWAY connects via the 2.4 GHz Wi-Fi network of the home router. However, if your wireless connection goes down the YESLY system will continue to work with Bluetooth.

GATEWAY can be integrated with all existing YESLY and BLISS2 systems.

Accessories

Type 01C.02.8.230.0500
Power supply for smart thermostat BLISS2
- Rated power: 2 W
- Nominal voltage: 110…230 V AC
- Output voltage: 5 V DC
- Allows you to keep the BLISS2 display always active
- Maximum cable length between power supply and BLISS2: 40 m (2x1.5 mm² flexible cable)

Configuration
manual
for actuator

Type 13.21.8230.S000
Multi-functions Remote actuator for smart thermostat BLISS2
The actuator is designed for the adjustment of temperature in a single-zone
or multi-zone installation.
It can be programmed as a hygrostat, activating dehumidification systems
The system is based on radio frequency communication between BLISS2 and the actuator
13.21 - S000 via the GATEWAY which manages all the communications between the various devices.
- 1 changeover contact rated 16 A 250 V AC
- Nominal voltage: 110…230 V AC
- Long-range transmission frequency: 868 MHz

BLISS Wi-Fi

Digital Wi-Fi Chronothermostat
Type 1C.91.9.003.0W07

NEXT

Programme the desired temperature simply and quickly from your smartphone wherever you are
and whenever you wish.
Compatible with the Google Assistant and Amazon Alexa voice assistants. No GATEWAY required.

- Remote management via the app (Android o iOS)
- Batteries or via 230 V AC power supply optional 01C.02.8.230.0300
- Weekly programming
- Summer/winter function
- AUTOAWAY geolocation function
- PIN lock padlock function settable by app
- Temperature differential 0.2 °C (settable by app)

CONSUMPTION**

Type 01C.02.8.230.0300
Power supply for BLISS Wi-Fi chronothermostat
- Rated power: 2 W
- Nominal voltage: 110…230 V AC
- Output voltage: 3.3 V DC
- Ambient temperature range: 0…40°C
- Maximum cable length between power supply and
  chronothermostat: 10 m (2x1.5 mm² flexible cable)

Within the application, Level 4 (fast connection) can be set in the
"Update time" section.

BLISS T

Wall mounted Wi-Fi Chronothermostat
Type 1T.91.9.003.0000

For the fast temperature management in your home.

- Power supply: 2 1.5 V AA batteries, with low battery indication
- 2 selectable temperatures (day/night)
- Summer/winter function
- PIN lock padlock function
- Fixed temperature differential of 0.2°C
- 5…37°C day/night setting
- Display range 0…50°C

FINDER YOU, makes everything easier

What can you use it for?:
• Program your BLISS smart thermostats simply and intuitively
• Check your heating system's consumption
• Share the management of a single thermostat, a room or your entire heating system with other people, with the option of granting temporary access and permissions.

The YESLY and BLISS systems can now be installed, configured and used with the same application, increasing simplicity and user experience.
